# Location Overview

Time Square is situated within Century Park, a thoughtfully designed Transit-Oriented Urban Village in the Ermineskin neighbourhood of Southwest Edmonton. Century Park is a vibrant, high-density mixed-use community along with retail spaces, public areas, and improved pedestrian connectivity.

As Edmonton's only true Transit-Oriented Development (TOD) on the south side, it seamlessly integrates residential living with the Century Park LRT Station, offering exceptional access to both the University of Alberta and Downtown Edmonton. The area benefits from robust transit connectivity, supported by various bus routes and planned LRT extensions further south.

In addition to its TOD design, the site provides excellent road access through Anthony Henday Drive, Whitemud Drive, and Calgary Trail, allowing residents quick routes to the airport, employment centers, and city-wide amenities. The project boasts impressive Transit, Walk, and Bike scores, making it an appealing location for both car-free renters and those who use vehicles.
